

Smart Single Fire Wire Switch

Add Devices

Please scan the QR code or download Smart Life on App Store.

Registration or Log In

- Download "Smart Life Application"
- Enter the Register/Login information "Register" to create an account by entering your phone number to get verification code and "Set Password" Choose "Log In" if you already have a Smart Life account.

Configure the APP to the switch

- Preparation: Ensure the switch has been connected with Wi-Fi and is able to connect to the Internet.

Set your Echo speaker by Alexa APP

- 1 If you have finished installing Smart Life, just open Amazon Alexa App, log into your Alexa account with password.

- 2 Click the menu on the top left -> click "Settings" -> choose "Set up a new device" (click device like Echo)

NOTE

When below page appears, just press the small dot on your Echo device until the light turns to yellow, then click "Continue" on the App.
Attention: The mobile phone can not open a variety of VPN software.

- 3 Choose your own Wi-Fi and wait for a few minutes. After watching an introduction video, click "Next step", then it will enter home page automatically. Now the Echo has been connected to Wi-Fi successfully.

Enter Smart Life Skill In Alexa APP

- Choose "Skill" in the options bar, and then search "Smart Life" in the input box.

Product Description
